

## PROFESSIONAL DEVELOPMENT FOR TEACHERS

### Approaches to Inquiry 2011

shifting classrooms toward inquiry learning

*Fabulous, thought provoking--leading to true and doable shifts in what I will do as a teacher. Rarely has a course been thought through on so many levels."*

*-- workshop participant*

#### Help your students —

- Learn how to find answers to their own questions.
- Develop deeper understanding of science content.
- Strengthen their science process skills.
- Become motivated to initiate and direct their own learning.

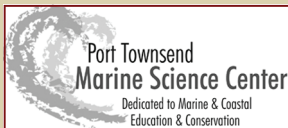

#### For teachers, grades 5-10 —

**August 14-18**, plus a fall follow-up meeting, date to be announced.

**At the Port Townsend Marine Science Center**, in Fort Worden State Park.

**\$200** includes meals & lodging. Additional costs covered by sponsor.

**Credits & Clock Hours** available.
